Dr Michaela Glöckler MD:

Children with Special Needs and Steiner Education

Internationally acclaimed speaker and world authority on child development, Dr Michaela Glöckler MD is a practicing Paediatrician and leader of the Medical Section at the Goetheanum in Dornach, Switzerland. Her presentation will share her knowledge of how Steiner/Waldorf education can support special needs in children.

- What is the mission of the child with special needs?
- Who are they and what do they bring us?
- How do we, as educators and parents best accompany them and learn from them on our life’s journey together?
